This/order needs to be given a misc. number. I don't know how this idea got started, but I think this particular order was drafted in Asheville. (We have a similar order that apparently was drafted by Judge Jarvis and it doesn't have that number requirement in it.)

Whatever, both need to be entered here. I don't think it will be necessary to enter them elsewhere in the district since the other divisions are not involved.

(Actually, Tilson needs to be given this adjoining jurisdiction authority, but that is still in the works. The order that accomplishes that will, of course, have to be entered in Greeneville.)

I would like to get these orders on their way no later than tomorrow. I have to send them to all our magistrates and to the other districts involved. And, of course, the AO will need its copies. I intend to ask Rhonda to do the circulating to the magistrates and the other districts. What about the AO end of it? Do you want to let her do that part for you?
