ORDER

Pursuant to the CARES Act, H.R. 748, the Court entered Standing Order 20-08 on March 30, 2020, authorizing the use of audio and video conferencing, under certain circumstances and with the consent of the defendant, for various criminal case events during the course of the COVID-19 emergency, to remain in effect for 90 days after entry of the order. The national emergency declared by the President in response to COVID-19 remains in effect and the Judicial Conference of the United States (“JCUS”) continues to find that the emergency conditions have affected and will continue to materially affect the functioning of the federal courts generally. Accordingly, pursuant to Section 15002(b)(3)(A) of the CARES Act, the Chief Judge of this District hereby finds that an extension of the authorization of the use of audio and video conferencing, as detailed by Standing Order 20-08, is necessary.

Therefore, it is hereby **ORDERED** that the authorization for video or audio teleconferencing, as set forth in Standing Order 20-08, is extended until the earlier of: (1) the date the Chief Judge determines the authorization is no longer warranted, (2) the date on which emergency authority granted by the JCUS is terminated, (3) the date authorization has been terminated pursuant to section 15002(b)(5) of the CARES Act, or (4) September 26, 2020. If this authorization has not been terminated before September 26, 2020, this Court will repeatedly review this authorization and determine whether to extend it, in a frequency not to exceed 90 days.
