eVoucher

Login.gov

Starting with the 6.10 eVoucher release, attorneys and experts are required to use Login.gov to securely sign in to the eVoucher application. Login.gov provides a simple, secure, and private way to access government websites such as eVoucher. Using one account email address and password, you can securely sign in to participating government websites and verify your identity. To access your eVoucher account, you must have a Single Login Profile (SLP) and create or sign in to an existing Login.gov account.

Note: Login.gov is a separate application from eVoucher. If you run into any issues, you **must** contact Login.gov support via their Help center page at <u>https://www.login.gov/contact</u>.

For more information about Login.gov or helpful tips for creating your account, please visit: https://login.gov/what-is-login/

Create a Login.gov Account

Step 1

If you are accessing eVoucher for the first time after Login.gov integration, you will be directed to create a Login.gov account.

On the eVoucher sign-in page, click **Sign in with LOGIN.GOV**.

UNITED STATES	CJA eVoucher - Texas Eastern District Court
COURTS	Release 6.10.0.0
We've chan	ged how you will sign in to eVoucher!
We now require users	to sign in with a Login.gov account. After linking your Login.gov account with your eVoucher account, you will use
Login.gov for all future	e sign-ins.
Sign in with 💈 I	
Need to creat	te a Login.gov account?
Use the Sign in button	above and then use the "Create an account" button below the sign in fields.
Learn about our new s	ign in process.
Notice: This is a restrict	ed government system for official judiciary business only. All activities on this system for any purpose, and all access
attempts, may be record	Jed and monitored or reviewed by persons authorized by the federal judiciary for improper use, protection of system
security, performance o	f maintenance, and appropriate management by the judiciary of its systems. By using this system or any connected
system, users expressly	consent to system monitoring and to official access to data reviewed and created by them on the system. Any evidence of
unlawful activity, includ	ing unauthorized access attempts, may be reported to law enforcement officials.

On the Login.gov page, click **Create an account**, and then follow the prompts to begin creating your account.

Step 3

Enter your email address, and select you email language preference. Click the **Rules of Use** link, read the Login.gov Rules of Use, and then select the **I read and accept the Login.gov Rules of Use** check box. Then click **Submit**.

Note: Login.gov recommends that you enter a personal email address that you can always access, not a work email address.

Your Login.gov account is now created.

Note: Once your Login.gov setup is complete, you will ONLY use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them. You are now directed to add an authentication method. For more information on how to do this, view the Adding an Authentication Method job aid.

Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access.

- For the text or voice message option, you must provide your phone number to receive a one-time code by text message or phone call.
- For the authentication application option, you can use several applications such as Google Authenticator, DUO, etc.

Authenticate your account using your chosen authentication method, and then click **Send code**.

Add a	phone nur	nbe	r

	Remember this browser Submit
[♀ Send another code
H	laving trouble? Here's what you can do:

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

You have now added at least one authentication method to your Login.gov account. If you have not already verified your identity with Login.gov, see the Identity Verification job aid. If you are ready to link to eVoucher from Login.gov, see the Linking your eVoucher Account with your Login.gov Account job aid for further instructions.

Identity Verification

Before you receive access to eVoucher through Login.gov, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are you and not someone pretending to be you.

Note: This is a one-time identity verification; if you have previously proven your identity through Login.gov, you are not required to do this again.

Step 1

After signing in to Login.gov, you are asked to verify your identity. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

To continue, select the check box allowing Login.gov to ask for, use, keep, and share your personal information to verify your identity, and click **Continue**.

	Continue on this computer
	Don't have a phone? Upload photos of your ID from this computer.
	Upload photos
Cancel	

Option 1: Upload photos from phone (recommended)

Option 1

1. Click **Send link**. A message appears prompting you to check your cell phone for a text message with instructions for taking a photo of your ID to verify your identity.

2. Tap the link in the text message. A message appears confirming that you are attempting to verify your identity to access eVoucher. Scroll down for additional instructions.

3. Tap **Take photo** to switch your phone to the camera function. Take a photo of the front of your ID card. Scroll down, and tap **Take photo** again to take a photo of the back of the card. Verify that each image appears in the appropriate box, and then tap **Submit**.

4. Login.gov verifies your identity from your photos, and prompts you to switch back to your computer to complete the process.

Continue to Step 4 to complete the identity verification process.

Login.gov

Option 2: Upload photos from your computer

Option 2

1. Click **Upload photos** to upload photos of your ID from your computer.

2. You can either drag photos of the front and back of your ID from your computer and drop them in the appropriate boxes, or click the **choose from folder** link to browse for and select the photos to add. Once the photos are uploaded, click **Submit**.

Note: You may see a processing screen the upload completes and Login.gov verifies your identity.
